

# Cookie Policy

---

Last updated: March 18, 2026

This cookie policy explains what cookies are, which cookies we use on our website, why we use them, and how you can manage your preferences.

## **1. Identity and contact details of the controller**

Commercial name: Lina's Productions  
Name: Van Tichelen Verstappen Consult (VTVC)  
Legal form: private limited company  
Address: Avenue Charles Deliège 127, 7130 Binche (Belgium)  
Enterprise number: 0606.988.089  
VAT number: BE 0606.988.089  
Email: [orders@linasproductions.gr](mailto:orders@linasproductions.gr)  
Website: <https://www.linasproductions.gr>

For questions about this privacy policy or the processing of your personal data, you can contact our privacy contact person:

Eric Van Tichelen  
Email: [orders@linasproductions.gr](mailto:orders@linasproductions.gr)

## **2. What are cookies?**

Cookies are small text files that are stored on your digital device every time you visit a website. Cookies are used to make the user experience of websites more efficient and to improve it. Cookies are also used to provide information about the user or the device.

Is this too technical? No problem! Imagine you go to a huge supermarket. There are so many products and aisles that it is almost impossible to remember where everything is. But now imagine you have a friendly store assistant who helps you every time you visit the store. This assistant remembers which products you bought last time or what you showed interest in. That makes your shopping experience a lot easier and more personal, right?

In the digital world, a "cookie" is just like a friendly shopping assistant. It is a small file that a website places on your computer, phone, or tablet when you visit the site. The purpose of this file is to "remember" you.

A cookie remembers information : Just like the shopping assistant in the example above, a cookie remembers things such as what you have placed in your shopping cart, which pages you have visited, whether you are already logged in, in which language you prefer to continue, and more.

A cookie enables personalization : Cookies help the website remember your preferences, such as the language you use or the currency you want to pay in. This way, you do not have to set this again every time you visit.

A cookie personalizes advertisements : Sometimes cookies are also used to see what you, as a visitor, are interested in, in order to then show advertisements that better match your interests.

### 3. Types of cookies

Temporary cookies: These cookies are deleted as soon as you close your browser. They remember, for example, what you have placed in your shopping cart during your visit to a website.

(Semi-)persistent cookies: These cookies remain on your device even after closing your browser. They ensure that your preferences from a previous session are automatically restored when you revisit the website, such as your language preference.

First-party cookies: These are cookies set by our own website, for example to remember your login status. They ensure that you do not have to log in again each time you visit the website.

Third-party cookies: These are cookies set by external parties and are often used for advertising purposes or to analyze website usage.

Essential cookies: These cookies are necessary for the proper functioning of the website and cannot be disabled, for example for security purposes.

Performance or analytical cookies: These cookies collect information about how visitors use the website, such as which pages are visited most frequently.

Functional cookies: These cookies remember choices you make on the website to improve your experience, such as your language preference.

Advertising and marketing cookies: These cookies collect information to personalize ads and make them more relevant to your interests.

### 4. Which cookies do we use on our website?

COOKIE	DOMAIN	DESCRIPTION	TIME	TYPE
bSession	.www.linasproductio ns.gr	Is used to measure system performance and the effectiveness of the website.	30 min	Essential

XSRF-TOKEN	.www.linasproductio ns.gr	Security cookie used to protect the website against Cross-Site Request Forgery (CSRF) attacks.	session	Essential

## **6. Manage your cookie preferences**

### Consent

You are in control of which cookies we are allowed to place. With every visit, we ask for your permission to use cookies (except for necessary cookies, as these are required for our site to function).

You can refuse the installation of cookies via your browser settings. You can also always delete cookies already installed on your computer or mobile device there. You can find more information about these options in the instructions in your browser's Help function.

Please note! If you disable cookies, some graphic elements of our website may not work properly, or you may not be able to use certain applications.

### Manage and Revoke

You can change your cookie preferences or withdraw your consent at any time, for each cookie category.

### Third-party cookies

Our website may also use third-party cookies to improve your experience and show you relevant and personalized advertisements. However, we always ask for your prior consent for this.

## **7. Changes to our cookie policy**

We reserve the right to modify this cookie policy at any time. Any changes will be published here, along with the date of the change.
